Dear Marco,

I would like to take this opportunity to thank you and your company for all the work and consultation to my company over the years.

You did an excellent job in advising swimming pool, setting pool management guidelines, sourcing different swimming venues that suit my diving students and coaches' needs.

We really appreciate your effort and your professionalism.

Please let me know, if you need any help for your business and please don't hesitate to call on me.

Sincerely

  
PADI Course Director
